#### 1. Requirement to check full vaccination status of all patrons

Community Facilities are permitted to open only if confirmation of full (received two doses) vaccination status against Covid-19 occurs. Therefore, **all hirers will be required to provide proof of their full vaccination to secure a booking. It will then be the responsibility of the hirer to check that all attendees at their booking are fully vaccinated (received two doses)**, unless an attendee possesses a medical exemption.

#### 2. Checking in

All attendees at Council facilities are required to check in via the QR code available at the building or by writing their contact details and submitting this to the Committee. Attendees may enter a community facility only after providing proof of their full vaccination status or medical exemption.

#### 3. Hygiene practice

Hirers must demonstrate good hygiene practice when attending public facilities. This includes regular hand washing, hand sanitising, wiping down common touch points and sanitising used surfaces.

#### Declaration:

I agree to act as a Covid-19 Marshal at my event, ensuring that all current State Government restrictions are adhered to, including but not limited to social distancing, Covid safe event planning, checking in requirements and confirmation of all attendees having received their full Covid-19 vaccination.
